

# Mount Abu Monsoon Ride

The Aravalli's never before seemed so calling. The spiralling roads to Mount Abu Hill Station, the only hill station of Rajasthan, catch the fantasy every time a visit is made. And no beginning is better than the hot cities getting smaller as being left behind for the cool tingles of a much sought after hill town. What sunrise could be like and how sunset can leave mere humans unnerved is understood in its full impact only in a place like this and more in Mount Abu. All these imagery and more takes shape of reality with decision to tour.

Mount Abu travel thus presents a stark contrast to the other parts of the state associated with Rajput warriors. In ancient scriptures the place is noted as 'Arbuda Mountains', which was associated with Gurjar who used to live here but later moved to other places of both Rajasthan and Gujarat. The history and prominence of this place became less significant with the change of ruling power and later dominance of Mughals and British Raj.

However, now the place is very much sought after for the Natural beauty with which it grips its domestic visitors and the spiritual charm for what it is popular among foreigners. These two are important characteristics of Mount Abu tourism.
